## Sunday 23 December.

### The KISS run, Long Beach, featuring Buster Hymen and Morning Cocktail. (What a dish!)

The morning finds us bright and early, drinking beer and planning what the rest of the day will bring. This was a day of firsts, with **Morning Cocktail** not getting laid, and me popping my cherry as your scribe. Speaking of popping cherries, **Pixie**, after seven months, it's already grown back. You're a virgin again.

**Morning Cocktail** strolls in wearing nothing but a lampshade. Hell, she IS a lampshade! I tried to turn her on, but apparently it takes more than just clapping. **Buster** completes the holiday season with full holiday regalia. With the hares described, let's move onto the rest of the hash. **JC Super Scar** fighting a beautiful case of bronchitis, still manages to drag his ass off his deathbed to attend his home hash. **EO**, **Whaleboner** and **Sheep Thrills** show up from OC to cast their blessings upon the LB hashers. **SOSA** showed up, this time managing to make it off of the onramp. Well done! **Sanginastan** returns from a leave of absence, good to see you again my friend! **Casper** arrived ready and willing to exploit the weaknesses of others. I'm with ya bro! Where's the new boot you're supposed to bring? **Sin-D Bear** and **Beaner Bear** arrived ready to run the hares back to their warrens. **Always Juicy** is as juicy as always, your faithful scribe checked. ;-) **Sir lance-a-nut** and **Venus-de-Penis** brought their cock-gazing dogs.....ask me how I know. (just don't pee on their motor home!)

**Santa shows off his Christmas package.**

**Spread 'Em spreads some good Christmas cheer!**

**We've got some Christmas cheer in these cups too!**

**White Elephant** brought just **Taegen**, who, at fourteen is as hormonal as you might expect. **Easy Sleazy Lush** brought **Wenge**, named after an African hard wood, gotta wonder, 'eh?

As the hares depart, **Sin-D** mentions that he knows where the hares are running, as he's already scouted the pre-lay on the way in! **AJ** states, "Eat me!" and the harriers pause on their way out to consider.....

After **Fruit's** infernal whistle from hell signals the run start, the trail makes it's way through it's first 30 second beer check, (in **Busters** living room!) **Sin-D** yells, "Is that **Buster** running right?" So we managed to miss the first half mile of trail and pick it up down the block only to discover that the first half of the trail is a check to check run. **Joey Isuzu** and **Mrs. Kevorkian** accompanied me along with **Annie** and **Pippi** for a while, I then took my leave for a beautiful alley run.

Who passes me first? NOT **Howdy**, that FRB, but **Pinkie**, followed by **Capt Hook** and **Dickoreator**. Our first beer check ends up on the beach, with gasoline cleverly disguised as spiced cider. **Sanginastan** points to two discarded condoms behind **Sir Lance-a-nut's** motor home. I don't know if he was claiming them or not.....

As we bail out of the beer check, we find Long Beach's finest putting out a pigeon coop fire. **She Bangs** knowingly states that pigeon poop is flammable. Who knew? LBPD shows up, most likely to escort the local hashers to safety. Thanks guys, but we're hashers, we live life on the EDGE!

**The hares set a hot, blazing trail through Belmont Shore.**

As I run past **White Elephant** and **Just Taegen**, I hear **Taegen** ask, "Is that the Semen guy?" Yes sweetie, I am the Semen guy.

The trail winds around the bay, over the bridge and through the woods, a civilian pops outside, and with a twinkle in his eye, yells, ON-ON! In true hash style, he asked me where the next beer check was. **Jock** and I ran together for a bit, singing Christmas songs with his hat. **Howdy** snared the hare at 10:59, maybe right about the time that a car drove past me, slowed down and yelled, "Are you?"

Later, at the down-downs, the naming committee named **Wei**, only to be over ruled by the mob. "That's the way, uh-huh, uh-huh, I like it!" Damn, her own theme song? Bitchin! **SOSA** sidled up to me to show off the bruises on her knees that she got at the lesbian bar. **Spread em Bitch's** ears perked up and she came over to see why we weren't invited? **Sum Dum Chick** showed up DFL, but better late than never. **Morning Cocktail** ends up with whipped crême on her boobs, but some lucky guys took care of that for her.

**Wait til he finds out that's the OC hashit being destroyed!**

**OCH3** recruits some new boots. They don't drink much beer, but they sure can sing!

**Psycho Bitch** and **Floppy Dick** showed up as returnees, but **Psycho** is a little bit preggers, so she stuck with water.

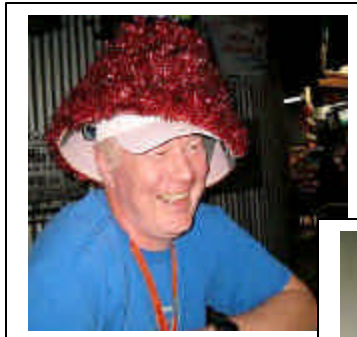

**EO** taunted **Carson** with the Hashit, only to find **Carson** willing to chew the ass off of the poor rabbit. Which, by the way, ended up in **Fruit's** pants. **Always Juicy** and **Massive Two Tits** gave some sex-ed classes that were guaranteed to offend everybody. What the hell is a Jelly donut? Oh jeez, I just Googled it. Don't do that. **Whiney Vaginey** showed up in a jog bra, just in time for the down-downs. Now there's a hasher!

**Sheep Thrills** caught everybody's attention when he defended his claim to be able to suck his own dick. It's settled. He can. I just threw up in my mouth a little bit. **EO**, why do you provoke him? The Humane Society showed up and endured a pile of harassment to get 5 illegible signatures, but the high point for me was when the Hare Krishna's showed up at the on-on-ons. Of course, the OC guys had to get their pics taken with their mentors and spiritual guides.

With the blessings of the Hare Krishna's and the Hash, may you all have a Merry Christmas and a fantastic holiday season.

## THIS DATE IN HASH HISTORY

Run# 426 DATE: 12/27/1992 (15 YEARS AGO)  
Hares: PILE DRIVER & BLACK JACK  
Place: Irwindale  
Miles: 6.5 Attendance: 68

The weatherman threatened us with rain, but 68 Long Beach hashers optimistically made the trek out to beautiful scenic Irwindale anyway. Hares PILE DRIVER and BLACK JACK took off a few minutes after 10, and when FRUIT blew his whistle 15 minutes later, the pack was off – led by NUT N’ HONEY and POOR AIM. We entered a truck yard and waited in line to squeeze through a hole in the fence. PIG IRON, DARKTANYON and other shortcutters took off at this point, but the rest of the pack went over the dam and into a park. We cruised through some narrow, cactus-lined trails and soon arrived at a downed fence, which we climbed over. Finally arriving at what appeared to be the end of the cactus, we went under a bridge – and up through more cactus. Suddenly a mirage – no, a beer check – was sighted ahead. After that, we crossed a street, went into a deep, deep hole, walked slowly up a big hill, went down some more tracks, climbed up a board and over a fence, slid down a steep dirt hill and hit the tracks again. Not much further was the end, which we found had been moved from the Miller Brewery grounds to a parking lot across the street. Down-downs got underway and we welcomed returners TEAM COUCH POTATO. NEXT WEEK got the Hashit for some reason or other. TORT TART tried to nail DARKTANYON for his new shoes, but it backfired and she ended up with a good toe-sucking instead. The on-on was at Mary’s. (PS –it didn’t rain!)
