Long Beach H3 Snooze

Hash Hotline: (562) HASHITT

Beer, Ballots, Trail, Water, Vortex, or Me

About a month ago Flotation Devices asked me to scribe. "No problem" I said, knowing full well Buster would cover and take pictures. Flo was so thrilled by my answer she leaped into the air and tackled me like Tigger does to Winnie the Pooh! Night before the hash, Buster Hymen gets plastered with Blows My Mind playing golf bar. He calls me up this morning with the toilet flushing in the background saying he's hungover. That's great! It's lucky my camera was still in my bag, and I'm stuck with scribe and hash flash.

There were a total of six hares. The ring leader Flotation Devices and her flight attendant goons Special Head, Baby Crack Whore, Blow Interest No Principles, Massive Tits, and SinD Bare. What could go wrong with trail or ballot sheets? Absolutely nothing! Meanwhile, I spotted Tit Mitt and I asked her what she's been up to. "I've been hanging below Boy George" she responded.

Parking sucked. Mountain bikers hoarded all spaces so hashers arrived from far and beyond: Broomhilda, JC Superscar, Pack My Chute, Fruit Of The Loom, Royal Flush, Low Beams, Beaver Bam Bam Balls, Free Samples, Cums In A Tube, Poor Aim, Spread Em Bitch, Just Lee, Last Train To Cuntsville, Howdy Do Me, Nice Hair Fag, Sir Lance A Nut, Hozer, SID, Pinky, Geezer Teaser, Just Say No To Crack, Hiene-Key, OFF, Pig Iron, Alouette,

JOCK, Little Dipper, Darth Vader, Necrofisiac, Joe Isuzu and a motley crew of others. Whale Boner showed off a replica Mammoth boner to Hi Speed Copulator, and she got excited and exclaimed, "I need one of those for tonight!"

Before the run, Fruit of the Loom gave an emotional talk about Teenage Enema Nurse who passed away recently.

And the hounds were off! So I'm clicking away with my camera and before long I'm in the back of the pack. It's time to run and play catch up, but I stop by the car of Satan who was losing a battle with Rosie Cheeks in a spat. I grabbed my pink shirt put it on and took off!

I caught up to Screw Cap by the start of trail, "You damm fool, hurry up and pick up the pace". So I did catching up to Ground Control to Major Tongue, Sosumi, Just Lee and then Undercover who said to me, "Shit, I thought an Elephant was behind me"! Lucky the trail widened otherwise I would have run him over. Meanwhile, Fungus and EO decided to run the

run the opposite direction thinking of snaring the hares. I tried to catch up to Wet Clam and her new boot but I noticed Beaver Bam Bam Balls run up a concrete slope from a check while Wet Clam took a sharp left turn which was true trail. I followed Beaver up on top and it was a false then another beaver named Beaver Cleavage arrived behind us. BBBB decided to go up while Beaver Cleavage and Ben Dover decided to run along the fence which separated us from the pack on the other side of the rim. About a hundred yards from the false mark we stopped to look around and spotted SinD Bare coming up the hill! Hare Snare! How sweet it is! SinD Bare was clearly annoyed and continued to lay trail after taking a photo of us.

A couple minutes later Front Running Bastards Cum Nail Me, Howdy Do Me, and Big Boobs arrived and waited for 2 minutes and took off. After the first beer check, SinD Bare was spotted and snared again near the Turkey/ Eagle split. There was confusion between the hares whether the Turkey/Eagle split was marked correctly. Communication breakdown was evident but the hares managed to pull themselves together again. Whale Boner claimed to have snared Flotation Devices and she wasn't happy. Whale Boner ran like hell before Flotation brought out her bull whip.

We had first choice of grub being the first ones in. As short-cutters and FRB's continued to munch and munch or drink and drink a powerful twister came from below and swooped up this week's stack of snooze write-ups and ballot papers! A perfect storm of paper sheets twirled up to the sky and invaded the territory of the black crows flying around in circles. JC Superscar proclaimed, 'Allah is great"! Ben Dover celebrated, " Happy New Year"! And Hi Speed Copulator cried out" Recount, Recount"! But the black crows became livid and started to tear apart the foreign articles which invaded their air space. One such shredded paper which Howdy Do Me found was given to Alouette for hash lore and archives.

Fly the friendly skies,
Ben Dover

 Run #: 25
 Hares: Eject & Zapata

The LBH3 25th run was a roaring success. This was the 1st LBH3 Run to be commemorated by its own shirt - now, of course, a collector's item! A total of 71 hashers turned out at Anderson Park in Carson. The run started out with some hassling by police. How did the Hares know that a wedding was planned at the exact same time as the hash? Trail led us through some neighborhoods, industrial parks, down a steep embankment to the railroad to a field full of model aircraft. We also ran through a construction site and waist high brush. The Hares got a little scared when they finished up, as the car that they had stashed on the campus was no longer there. It turned up after a quick search, but nobody would claim responsibility for such a dastardly trick. However, some "college students" were seen wandering around the campus with 25th Run T-shirts on. The ON ON was at Zapata's back yard. There was a whole hell of a lot of spaghetti, salad, dessert, not to mention beer.

This is a photo from Run #25 in Zapata's backyard. Pictured are Zapata, Zulu Boy, Belladonna, Sandpiper, Undercover.
