## Rumors Floating Through the Smoke By Venus de Penis

I woke to a beautiful yet smoky Sunday morning here in Huntington Beach. There is a rumor that today's trail by **LAST TRAIN and HEAD AND SHOULDERS** will be trail of the year. Lance-A-Nut and I were thrilled that we do not have to travel far to attend this so called trail of the year. Yes that is correct, **LANCE-A-NUT** is going to the hash. No, the rumor that I don't let him hash anymore isn't true. So sorry to disappoint! Who makes this stuff up anyhow?

We arrived on the scene to see the usual early birds, **BEN DOVER** and **PIG IRON** who were trying to finish their morning stretching routine before everyone else arrived. Apparently this is some sort of ritual they do every week in secret. They usually park a bit down from where the hash starts then move over to the actual start once they are oh so stretched out. As they saw us approaching they both quickly picked up their red mugs and pretended to be drinking instead, funny the beer van wasn't there yet, duh!! I am blonde but come on I can figure that out. **GAYS OK** anyway if that is your cup of tea. We weren't interested in their activities though we were hoping to find **BUSTER HYMEN** passed out in his car. He has this strange fetish of sleeping in his car at local parks or even off to the side of the road. Freeways are his favorite. He said, "in his car it is cozy and a lot warmer than in his apartment." Maybe if he paid his gas bill it would be warmer. It seemed like a good morning to play some sort of practical joke on Buster Hymen but oh well that will have to wait.

Just when we thought the morning was going to be a bit dull here comes **STAY OUT STAY ALIVE** driving up with none other than **SHAGGY DOG** straight from the dog pound. Glad to see he is alive and well after all of the rumors floating around out there about what happened to him after The **DETACHABLE PENIS**

block party. **SHAGGY** had a crowd gathered around him as he told his E-Hollywood story about the actual events. Be sure to attend his fundraiser on Dec. 5th (details at [hash.org](http://hash.org)) since he is in trouble with the law. **WRECT EM** didn't appear to be interested in Shaggy's trouble but had his nose buried in the snooze looking quite serious for a Sunday morning, maybe he didn't have any coffee. He was fairing better than **Last Train** who had the shakes so bad he could hardly keep the flour in his flour bag before the hares were away. I guess that can happen though if you are partying until 3 am and wake up to scout at 5:30 am the day of your trail. That is what **SIN D BARE** said and he would know.

The usual pre trail happenings are in full swing. **FRUIT OF THE LOOM** is pacing back and forth just waiting to be able to blow that damn whistle. **HI SPEED** has shop set up, check out the bargain bin there are some good deals in there. **PINKY** is leaning against the wall like he is at a high school dance checking out the harriettes, just be glad he doesn't have any butter. I am so glad that **JC SUPERSCAR** was pushing that metal car of PBR around, just the beverage to quench my thirst first thing in the morning. **JOEY BUTTAFUCKYOU** brought some young male new boots. **FRUIT OF THE LOOM** finally blows that damn whistle and the pack is off!

I set off with **SPREAD EM BITCH** who is telling me about her latest lavish lesbian story. Ask her she will share and she usually has pic's too! We catch up to **SNATCH OF THE DAY** who has some big ass bruises on her thighs. She said her sex swing is getting worn out, **NECRO** get her a replacement or people are going to get the wrong idea. As we head (who said head) into the shiggy **SPREAD EM** and I notice that the **LAST TRAIN** has used pink toilet paper in the effort to bribe harriettes for the trail of the year vote. **HONEY DO ME** glides gracefully over the shiggy. **HE'S SO SWEET's** black eye is gone.

That wouldn't happen if he would listen to ENTERTAINMENT UNIT, she just pretends to be shy I guess. TITS AHOY has a new boot in tow. I soon catch up to HAIRY TWATTER and CAMEL TITS. HAIRY TWATTER announces he will do anything for the hash and has also decided to stay out of the hashing dating pool. We loose the trail and end up short cutting with BEN DOVER, PHALLUS IN PORNO LAND, SEARCH AND SEI ZE HER, and BUCK SHOT. We pick the trail back up and run into TAKE A # and CUM NAIL ME. Very soon we come upon the marks of ON IN. Hip Hip Hoorah, we are thirsty for beer but instead of beer we see a check and DANCING QUEEN riding his bike, WTF???? So we did a small circle jerk before really being ON IN. The best part is that we beat HOWDY DO ME!

On In looks to be a glorious feast as CORN HOLE HUSSIE has banquet tables set up complete with tablecloths and all of the munchies in there own Tupperware containers. Wow, talk about dedicated. Does she want to be the munchmeister next year? Those brownies she baked were delicious!!! I planted myself near the munchies so I could catch any last dirt for this snooze. LOW BEAMS and TWEEDLE ME do Hula Aerobics when they aren't hashing. 6-9 SPLIT and I would love to see that. SHE BANGS was dying to tell me that BLOW INTEREST NO PRINCIPLES was wandering around a church area on trail and was yelled at for offering blow services in the parking lot. DANCING QUEEN likes his girlfriend to have a large clitoris. PASSING WIND talked off the ears of I DREAM OF WEENIE, KAMMONAWANNALAYA, WILD BILL, BLOJACK, and STILLET HO. VFW was smart and just stood quietly nearby not wanting to draw any attention to himself. PHALLUS IN PORNO LAND and CHIN BALL WIZARD were talking about how cool they are for hashing 9 days in a row. I guess that depends on what you think cool is. MR. RAT'S ASS was wondering around looking for hotter salsa, sorry BABY CRACK WHORE couldn't make it today. LEANING HARD and CHEEKY were discussing the latest rumors about themselves. UNDERCOVER accused me of not doing the trail. He is just mad that he didn't beat HOWDY and I did.

We are called to circle up for the usual clipboard routine. Business about hares, new boots, returners, birthdays, crimes, hashshit, and patches. Patch presentations were entertaining this week. Poor HENIE-KEY had to get hers from a poopy diaper, no not JUST SAY NO TO CRACK's but from their daughters. LANCE-A-NUT took his time finding his patch on me which I always enjoy. CUMS IN A TUBE was presented his 500 run jacket. SCRATH and SNIFF got a patch for doing it 69 times. After FUNGUSAMONGUS did the announcements it was May the hash go in peace, May the hash get a piece.

We did at the on after. A good turn out. If you got there early you were the winner of some free pizza and beer! SHIT PACKER, LAST TRAIN, and SIN D BARE have connections you know. That is what happens when you are in a band. WEEDWACKER was sad he missed out on the free pizza because he got a new car and those are expensive. NIGHT DEPOSIT offered BUSTER HYMEN some of her garlic bread but he declined due to his new single status. He stated that he wants to slim down a bit. Two minutes later though he did eat the garlic bread. Garlic bread does go well with many pitchers of beer. BUSTER is now stalker free ladies and that isn't a rumor!

### THIS DATE IN HASH HISTORY

Run # 204 Date: 11/27/1988 (20 years ago)?  
 Place: Torrance (and several other South Bay cities)?  
 Hares: FUNGUS (all 4 of him)?  
 Miles: 6 or 8 Attendance: 65  
**\*\* WON AWARD FOR WORST TRAIL OF 1988\*\***  
 With **FUNGUS** as the mastermind, 4 hares (and 2 scribes) what could possibly go wrong? Let's begin at the start, located in close proximity to the Torrance Airport. **FUNGUS** was listed as the hare, but there were 2 **FUNGI** who took off with sacks of flour in hand. **FUNGUS** had incorrectly assumed that when they took off, we'd all peer over a wall to see where they were headed. If we had, we'd have seen not one, not two, but three **FUNGI** laying trail. When the pack took off 15 minutes later, we headed north along the airport to a check marked E and T. The eagles got lost periodically and ran almost completely around the airport before coming across a message written on the ground, "The end is at Harbor Lake." **WEBFOOT** informed the eagles that Harbor Lake was about 5 miles away, straight down PCH. Meanwhile, the turkeys had also gotten confused at a check on Crest and ran around the neighborhoods looking for trail. They eventually found a message stating that the end was ¼ mile away at Harbor Lake. But back to the eagles ... they ran into a 4th hare also dressed as a **FUNGI**. Apparently, they were supposed to follow the turkey trail to the Lake, but these directions weren't clear so they just ran straight down PCH. When they finally entered the park, they all converged upon **FUNGUS** who was shifting nervously from foot to foot. The pack soon learned that **FUNGUS, THE CLAP, dBASED** and **Just Chris** had all been hares. The **FUNGUSES** got the hashit and then we adjourned to a Thai restaurant for the on-on.
