## THE DEVIL ON THE FREEWAY

The day started off nice enough, arrived at the hash early, had a cold & foamy beer. Being early and enjoying a beer, what could go wrong, **Boyz R Us** could. Note to the hash, if a hare is approaching with a worried look on his face, learn to just say no. Boyz was in need of a scribe. After I accepted his offer the realization that I would have to run his trail set in.

The normal pre-hash routine was already taking place, **Boyz** and **Damian the AntiChrist** were busy finalizing plans and denying any pre-lay. **Fungus** showed up and began taking down names and collecting our money. **AT&T** showing her new boot **Just Art** the ropes, thank god **Poor Aim** arrived and set him straight. **Nut N Honey** was busy deciding where he was going to snare. The hares announced the beer check and an Angel/Devil split today and some other unimportant dribble that I failed to catch. **Fruit** diligent as ever started the pack off at exactly 15 minutes. The pack failed to blow any whistles the first 20 feet, which prompted Fruit to educate all running with in earshot that Long Beach is a whistle blowing hash.

Is this the devil himself, or just Beerzel-Bub?

Jesus exorcises the demons with holy ale.

Trail went thru the park and moved along the edge of the freeway. **WhaleBoner** led the pack to its first check on the off ramp. Finding trail across the street and going back down to the Freeway. **Riff Raff** and the LBH3 Flag went flying by a group of young taggers. **Last Train** found himself on trail with no chalk in hand and a need to mark a check he had solved. Whats a brewmeister to do, he quickly downed six individual sized liquor bottles and placed them on the ground to form a pack arrow. At this point in our run **Last Train** also decided to make a move on **Screw Caps** title of Ass Grabber. **Cheek A Boo** had a few stickers on her rear that **Last Train**, being the hasher he is, so gingerly removed. **Always Juicy** was busy at the beer check, she was still talking about the night she had at Founders. Trail continued on over a wall and next to the Freeway. At this point I am looking for **Sosumi**, the last time I spent this much time on the Freeway I was wearing an orange vest. Finally the pack arrives at the Mall, 45 minutes behind the SCB, New GMs **Sin-D-Bare & JC SuperScar** moved us effortlessly through down downs, seems like they've been doing this for weeks. Good job guys. If you want to know who the new boots were, or who was visiting or any of that other crap. You will need to look at the results box for this shitty run. Good job to **Boyz & Damian**.

## THE DEVIL WENT DOWN TO WESTMINSTER

The devil went down to Westminster,  
He was lookin' for some BOYZ at play  
People called him DAMIAN  
And he had trail to lay

Everyone was dressed in red  
And black – accented with flames  
The devil knew what they wanted,  
And he shouted their hash names

SATAN, DOVER, ROSIE,  
4H, AJ and FRUIT  
GEEZER, BUSTER, CHEEKY,  
JOCK, PILLS and a new boot

Follow me through the shiggy  
I'll be sure the path is clear  
Across the tracks, over the bridge  
I'll lead you to some beer

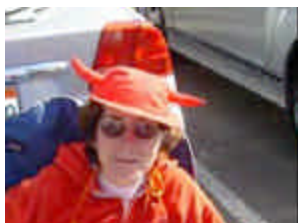

The pack was off down the road to hell  
Paved, they say, with good intentions  
They ran through fields and a drainage ditch  
Too odorous to mention!

Soon the beer was found and lo and behold  
JESUS saved the day  
He exorcized those demons  
And there was hell to pay

**That was fun.  
Let's do it  
again next  
Sunday.**

**Hey, nice  
horns!**

SIN D BARE sent them packing  
To the cocina down the street,  
Where the food was caliente  
And Los Diablos couldn't stand the heat

The devil went down to Westminster  
Lookin' for hashers with souls to lose  
But the only souls he found to steal  
Were the soles of some well-used shoes!

BROOMHILDA (with apologies to Charlie Daniels)

**So, I hear that  
you're an  
ABSOLUT  
WHORE!**

**..and I hear  
that you're a  
TAILGATE  
HOOKER!**

**If I was a  
38D, I'd be  
stuck here!**

## THIS DATE IN HASH HISTORY

Date: 2/28/1993 Run # 435 (15 years ago)  
 Place: Diamond Bar  
 Hares: CUNTRROLLER, NEXT WEEK, TAKE A #  
 Miles: 6  
 Attendance: 54

The hares advertised this run as the “No Wimps Hash”. It began at the Metro Center Business Park on Brea Canyon Blvd. The hares warned the pack about “poison oak and a big hole”. When the pack took off, the shortcutters led by WALKING SMALL and GIGO went one way and the rest of the pack headed south. Trail led up a cowpie-dotted hill where we were met by Mr. Property Bouncer. He told us that we’d have to vacate HIS cowpie-dotted hill or meet the police. We headed back to the streets. At this point, AT & T confided that she’d mistaken Mr. Property Bouncer’s truck for the beer truck and almost asked him for a ride. For that, she would later acquire the Hashit. The pack ended up running south down Brea Canyon Blvd., having seen our last flour of the day. Miraculously, we found the on-in and hashers were streaming in from all directions. A baffled CUNTRROLLER asked, “why is everybody shortcutting?” Apparently, a few FRB’s had been able to avoid Mr. Property Bouncer but they were in the minority. SPIDER made it a point of record that he’d been the first male in On Trail. The On-On was at Mama Sue’s Mexican restaurant and was uneventful.

Who’s  
 the  
 cutest  
 couple?

**Next Long Beach Hash Run # 1265**  
**Sunday March 2<sup>nd</sup> , 2008 10:00 AM**  
**Location: Long Beach, El Dorado Park**  
**Thomas Guide: 796 F-3**  
**Cost: \$4.00**

**Hares: NICE HAIR FAG & PILLSBURY BLOW BOY** Directions: From South, take 405 North, to 22 West, turn right at Studebaker. Go under the 405 freeway, then look for the golf course on the right. Turn in as if going to the clubhouse, but take the road by the pond until it ends. (When on Studebaker, if you make it to Willow you went too far.)

From north, take 405 South, but just get off at Studebaker and turn left. Golf course will be on the right, but again, take the road by the pond to the end.

Another year of missing Betty Ford. Boo Hoo!! :-)

Well, we will need something to do in the LBC, and I know no one will want to drive, so be ready for an afternoon of hashing in the heart of Long Beach. We'll even be good hares and find some shiggy for you.
