Lick My Poison Oak or Kiss My Cactus Bush

The hares Dickoreater and his side kick Kowpaddy Kowboy demanded to know where in living stone are the newly appointed mis-management committees? There was talk that last week's OCHHH trail provided lots of three leaf oaks on a narrow path which inflicted LBH3 board members who decided to skip today's hash. Then the kegs arrived to everyone's relief thanks to our favorite poster boy Veteran of Foreign Whores and Princess of Incest. But wait, there was more! AT&T provided hot sweet apple cider that made everybody forget the bored and 6-9 Split's pit bull for the most part. Passing Wind is used to the canine animal and 6-9 Split's commands to her pet, down boy, down boy, now lower, lower, wait a minute, sic 'em, sic 'em,- we immediately paid our 5 and hurried to drink beer.

In the socializing scene, Broomhilda bragged about an orgy after tomorrow night's hashes while Take A# and Special Head gawked. Ballsagna informed hashers about a fundraiser for her ass to make it bigger and firmer. Poor Aim, Necro Fishiac and Stings When I Pee smiled at her proposition. Hairy Twitter and Howdy Do Me continued to tell horror stories about last week's OC hash while Last Train to Cuntsville scratched at his crack and nodded in agreement. Meanwhile Honey Do Me bitched slapped Joey Buttafucyou to muzzle it about the possibility of poison oak or cactus needles at today's hash.

Thanks to AT&T concoction, the pack couldn't care less and was still drinking while the hares said their hare lies. From what I remembered it was something like, blah-burp you're fucked, blah-blah look out, blah-blah infidels, on-out. In which J.C. Superscar freaked out and sounded the alarm and the pack staggered off to the beaten path. The trail was promising with shiggy and mud spills everywhere. However Howdy Do Me turned back with wild looking eyes and muttered poison oak, but Pinky wasn't having any of it and boasted, I'm proud to be pink and started to blaze trail. Thanks Pinky. Mr. Rats Ass was blowing whistle like Fruit so we gave him space.

Before long the pack reached sets of stairs, but finally a beer check! The hash rejoiced and drank while Dancing Queen and Chinball Wizard ran off looking for trail. Then we arrived at a cute check before a steep hill but Poor Aim and Ben Dover blew off that section and traversed to the lower valley. Then behind comes J.C. Superscar holding a beer can and both hands up in the air waving frantically. Infidels! Infidels! Infidels! They are fucking everywhere! Throw stones at them! Throw your shoes! He passed me while I was still trying to sober up, then his voice cried out, Allah is great! Beer Check! Indeed time for more suds while Whale Boner and Tissue Tits did some lip locking.

The pack hashed into a narrow path full of poison oak and cactus, but the hounds braved through it until they came to an abrupt stop when Kammonwannanleia's dog decided to block the pack and take a dump on trail. Before we knew it our trek was over, and everyone hurried to put on their coats and jackets because of the cold weather.

Another shitty hash,
Ben Dover

REHASH: THIS DATE IN HASH HISTORY

Run # 1153 Date: 2/26/2006 (5 years ago)
 Place: LA - Chinatown, Elysian Park
 Hares: SIN D BARE and HARD IN THE SADDLE
 Miles: 5.25 Attendance: 107

LAH3 celebrated their Silver Shiggy Weekend in and around LA's Chinatown. The Royal Pagoda Motel will never be the same. The Long Beach Hash hosted the Sunday morning trail and there was still plenty of adventure to be had. Scribe **LAST TRAIN**, recovering from a hard night groping Hash Band groupies, walked most of the trail along with many others suffering from hangovers, including **STICKBITE**. We all headed off uphill. We went under a bridge and to a bottleneck up some single-track shiggy. The pack was all moving slowly when **ROYAL FLUSH** stepped on a hive of bees and the angry things stung his balls and everything else in their path. Trail continued on to Elysian Park near Dodger Stadium and through some homeless encampments. The beer check featured a smoggy view of LA. Hashers stopped to compare bee stings and **GEEZER TEASER** poured beer over hers to kill the poison. Trail continued through the hills and over the 110 Freeway and then up and down some more hills. This had to be one of the longest hangover runs ever! Down-downs were held in a field under the blistering sun. There were many returners and visitors, and patches were awarded to **SCABBY HAYES** (25), **GOT MILK** (50), **HASH HARLOT** (200) and **JOCK** (900). Then it was time for hashit nominations. These included the hares for a "gay eagle trail," **ROYAL FLUSH** for stirring up a hornets' nest (literally), and the winner **BEEFEATER** for thinking that she was named after a gin and tonic. **HEAD AND SHOULDERS** displayed a porno DVD as evidence to the contrary. Hash crimes went to **PASSING WIND**, **INBRED FRED** and **MARV ALBERT** for screaming and running away from the bees like little schoolgirls. Then we adjourned to Phillippe's for their famous beef dip sandwiches. We had an upstairs room all to ourselves. It was a great finale to Silver Shiggy Weekend.
