

LONG BEACH H3 SNOOZE

Hash Hotline: (562) HASHITT

FUBAR* at LBH3

The first time you break in a new hare, he is unaware of all the details that go into putting on a great trail, like all hares being familiar with the trail (and on the same page), posting accurate directions, figuring out what to do with the beer and bag wagon, getting a scribe (who will be at the run), and throwing flour in all the right places. J.A.K.O.B. hared his first LBH3 trail with me (Blew Dress '10) and pretty much everything went well. But... some day the fledging needs to fly away from the nest and go his own way (well... that happened a few months ago and I think the flour bag exploded while he was auto-haring), and one day he will train a new hare of his own.

So it came to be that our little J.A.K.O.B. was breaking in a new hare, Just Danielle (who had not really hashed before and is his sister-in-law), and slowly, but surely, they worked the way through the checklist:

1. Post accurate directions. I followed them to a T (but also used John Thomas Guide) by going North on the 405, exiting on Long Beach Blvd., going north, turning north on Pacific, and then U-turning North to the start of the hash (apparently, not everyone knows that *El Norte* is the only way beaners know how to go, since One Left One and On What? never found the run start).

2. Getting a scribe (who will be at the run). J.A.K.O.B. e-mailed **Morning Cocktail** (who has not been to a hash in months) and then did not confirm. Thus I was groped by **2 Yung 2 Do** continuously during down-downs until I agreed to scribe.

3. Have all hares familiar with trail (and on the same page). Just Danielle offered to have the run end at her house, but was not planning on laying trail, got lost, and finally gave up. The trail was taken over by **Say What?** (not related to **On What?**), who at least is familiar with the area.

4. Have a couple of fun beer checks. My close-talker buddy, **Obi Wan E. Coli** manned the first one (no cups, no bottle opener) and the second one at The-Bar-Formerly-Known-As-Duffy's (though we almost missed it due to the trail crossing over itself).

5. Know what to do with beer and bag wagons. The end of the trail was a bit of a haul from the start and even the crowd that doesn't always do the whole trail arrived after **Wynonna Jiggs, Just Linda, Just Bryton, and Iplet** (usually they are milling around by the time we get in). I had to snuggle up to **Spread 'em Bitch** to stay warm. But once the beer showed up, all was forgotten... or was it?

Lookin' for a hasher to rent a room!!

A hasher has a room for rent in Long Beach for \$700. Includes electric, gas and water. Plus a covered parking spot. Fairly close to the beach.

Call **Micro** to see it or ask questions.

In terms of a trail, I enjoyed it quite a bit (and it convinced **Undercover** to run a trail m*thon). The highlight of down-downs (besides saying that **Kowpaddy's** "two fingers" were bigger than his dick (don't laugh, 6-9!)) was **Jesus Christ Superscar** getting his stylish 500 run jacket.

Hashitt, of course, was won by **J.A.K.O.B.** for basically everything he did wrong on the trail... which is what happened last time he hared. I'm guessing he'll keep it for a good long time (just like from his last time). Now I'm looking on the Hareline to see when **Just Danielle** will break in her own virgin hare and teach all she "learned" from **J.A.K.O.B.** I plan to be out of town **THAT** week.

REHASH: THIS DATE IN HASH HISTORY

Run # 625 Date: 9/5/1996 (15 years ago)
 Place: Long Beach
 Hares; POOR AIM and AUTO DO ME
 Miles: 6.4 Attendance: 74

The Lingerie Run is usually, but not always, held in August, and it's happened in many places besides La Mirada. We've startled residents of Huntington Beach, Signal Hill, Bellflower, Downey and several different parts of Long Beach over the years. The 1996 version had us gathered in the Heartwell Park Golf Course parking lot. Co-scribes EARL SCHEIB and HASH GASH duly noted some of the interesting outfits and comments from the pack. BEN DOVER (in a fishnet bodystocking), "How do I pee in this thing?" JOE ISUZU stole the show in his black butt floss, blond wig and clashing gators. STALKER GUMP wore his 'Carolina lingerie', red long johns. BROOMHILDA wore a crotchless teddy, but had on bike shorts under it so as not to get arrested for indecent exposure. SCREW CAP tried to make breasts out of stray golf balls, but just looked droopy. Because the run was later in the year than usual and would be mostly off-road, POOR AIM passed out flashlights to the ladies and told us that it was a 'Sadie Hawkins Hash.' The women got to pick which men would help them over the at least 8 fences on trail. HOZER got a package deal with BOOBFOCALS, HASH GASH and SOUTHERN BAPTITS. We headed towards the abandoned Navy Hospital, now the site of Towne Center. Trail then led into El Dorado Park and to a beer check manned by AUTO DO ME's children and NOSE DOZER. Many harriettes couldn't get over the fence at the Nature Center, even with the help of the guys, so they backtracked to Spring Street and found WILL WORK FOR FOOD's hare snare markings - 7:28 pm. For the record, FUNGUS and OEDIPUSSY also claimed to have snared the hares by actually staying on trail, but the jury's still out on that one. Finally, after a long straightaway, we reached the on-in. Down-downs included returners 3M, PINKY and veterinarian SAM SPAYED, and the naming of Just Ross, who owned a Play It Again Sports franchise, HUMP ME BOGART. (Play it again Sam, Casablanca, Humphrey Bogart, get it?) NOSE DOZER got the hashit for "wanting to go both ways." The pack then adjourned to Cirivello's for the on-on.

*Write-ups, Pictures, Hash Directions and other Blasphemy **MUST BE RECEIVED by Monday 9pm.** Otherwise, **IT WILL NOT BE IN THE SNOOZE**
